Head Teacher's Message

Dear Parents,

How lovely it has been, to see the children (and especially our new little ones) settle so quickly into school. They are trying so hard with their learning - I am already running out of stickers! We begin our new year in the same way we finished our last - juggling school life with Covid. The children are well practiced now, in washing hands regularly and following our safety measures. Rates are still extremely high in Camborne and I ask you again, to consider wearing face masks on the school site and leaving quickly after drop offs and pick ups.

This time of year is my usual request to ask for volunteers to join our fundraising team. We have not raised any money in such a long time and our government funding does not give us the spare cash needed for big projects. Our ongoing project is to develop the front playgrounds. Once we have enough in the pot, I can apply for a lottery grant to go with it. Secondly, we would like to purchase a defibrillator for the school site. Please message Mrs Lobban or I, if you can give any spare time to coordinate some events.

Best wishes,

Miss Teixeira

Daisy's wellbeing tip:

Think about mobile phone usage - both yours and your child's. Stop using devices (including TVs) an hour before bed, to prevent the effects of the blue light from disturbing sleep. You are also more likely to listen to each other if you are not distracted by technology and social media.

Parking Notice

Parking Notice: Our neighbours are sending regular complaints to the school, about parents parking across driveways and being rude when asked to move. They are now reporting number plates to the council and police. A reminder again, that there is FREE parking just down the road at the train station. Just ask us for a permit. Parking beside the church is just for our children with physical disabilities.
